Subject: VOC Blank pdf file

Steve/Holly,

I found another pdf file that is blank (attached).

Also, for this report the VOC data there is no run log included for each set (Shaw Sample No, eg. 6507). This would be a list of the order and time each standard, blank, and sample were run. We have always received this in the past and I want to be sure the QC samples bracketed everything, especially w the runs over 4 days just for 6507.

Thank you

Dave
